Curno, October, 18th 2011

Dear All,

we inform you that we have received the **technical approval for the fitting of RCS master cylinders with all the motorcycles equipped with ABS system.**

Therefore we are glad to inform you that also on BMW S1000RR is possible to mount the RCS M/C.

Please also note that a new clutch mechanical lever replacement for this bike has been developed.

P/N is : **110.B012.75**

Please refer to your Area Manager for delivery time and prices.

Kindest regards,

Brembo SpA
