vb.features

	stock handlebar	VarioBar
VB - Order Nr. Kit		LU-B-CL-*
colour code *		* => G=golden / S=silver / B=black
handlebar width	630mm	680 mm
handlebar height	855mm	885mm at position 0°
extension kit		not possible
Attention !		only positions 0° possible

**GENERAL PRODUCT INFORMATION**

The inclination angle of the VarioBar handlebar can be adjusted from +16° to -16°. Each angle adjustment (in 4° steps) changes the height for 17mm. Due to the gear tooth forming, the extension can be exactly adjusted to the front or to the rear.

Please note that the adjust possibilities can vary depending on the model. When using longer brake hoses/speed wires resp. when modifying the covering the handlebar offers more adjustment possibilities.

vb.accessories (optional)

Available on option:

Original GILLES TOOLING aluminium handlebar weights in two lengths and five colour variations (sale by pairs).

Advantages: less handlebar vibrations plus protection of the instruments and levers in case of the bike falling.
