Mounting kit extension

ABK-ME-A

**Attention: Mounting extension only with longer
brake hose possible. !!**

Colour code*: G = gold / S = silver / B = black

**The inclination angle of the VarioBar handlebar can be
adjusted from +16° to - 16°.**

**For each angle adjustment (in 4° steps) the height
changes of 17 mm.**

**Due to the gear tooth forming, the extension can be exactly
adjusted to the front or to the rear**

**Please note that the adjust possibilities can vary depending
on the model.**

**When using longer brake hoses/ speed wires resp. when
modifying the covering the handlebar offers more
adjustment possibilities**
